Education

Technocrats Institute of Technology, Bhopal <i>B.Tech in Computer Science & Engineering</i>	2021 - 2025 <i>8/10 CGPA</i>
Martand Higher Secondary School no. 2 , rewa <i>Senior Secondary Education Class XI-XII</i>	2019 - 2021 <i>64 Percentage</i>
Martand Higher Secondary School no. 2 , rewa <i>Matriculation Class X</i>	2018 - 2019 <i>68 Percentage</i>

Work Experience

Zidio Development <i>Web Developer Intern</i>	April 2023 – june 2023 <i>Remote</i>
<ul style="list-style-type: none">• Tech Stack: React.js, Node.js, MongoDB, JWT• Contributed to the development of e-commerce websites by adding functionalities and enhancing UI designs.• Utilized React.js to work on a project, effectively improving the UI design and implementing necessary features.• Hands-on experience with React.js for building interactive user interfaces.	
J.P. Morgan <i>Software Engineering Virtual Experience</i>	August 2023 – September 2023 <i>Remote</i>
<ul style="list-style-type: none">• Gained practical exposure to software engineering practices in financial services.• focusing on data-driven solutions.• Developed a mock client platform demonstrating API integration and data visualization.	

Projects

Bank Management System	Source Code
<ul style="list-style-type: none">• Tech Stack: Java, Swing, AWT, MySQL, NetBeans• Developed a Bank Management System using Core Java with Swing and AWT for a responsive and user-friendly interface.• Implemented MySQL database to securely manage customer data, accounts, and transactions.• Utilized NetBeans IDE for efficient coding, debugging, and project management.• Streamlined banking operations like account creation, deposits, withdrawals, and balance inquiries.• Ensured data security and integrity through robust backend logic and error handling.	
Virtual Attendance Management System	Source Code
<ul style="list-style-type: none">• Tech Stack: PHP, MySQL, Xampp Server• Streamlined attendance tracking by using automated processes to reduce manual effort and minimize errors.• Real-time data access that can enable immediate updates for efficient decision making• Secure data management by implemented robust backend logic to ensure data integrity and security.• User-friendly interface design for easy adoption by educational institutions and organizations	

Technical Skills

Languages	: Java, JavaScript
Frontend	: React.js, Tailwind CSS, HTML, CSS, Bootstrap
Backend	: Node.js, Express.js
Databases	: MongoDB, SQL
Developer Tools	: VS Code, IntelliJ IDEA, Git, GitHub

Achievements & Certifications

- Solved **250+** problems on different coding platforms(GeeksforGeeks, LeetCode, Codecheaf).
- Ranked **19th** on GeeksforGeeks among 2300+ college peers.
- Five star Java coder on HackerRank.
- Infosys springboard Java certification (from **Infosys**).
